Remarks

This 4-bedroom / 3 bath pier-and-beam home was renovated throughout with contemporary styling and many "green" features by Rogers Residential Remodeling. It was offered for sale by Linda Rogers, Realtor with Keller Williams Elite, Dallas - Park Cities, and the home was sold in May 2009. This home has a new kitchen, new baths and new flooring throughout - with bamboo floors in the living, dining and kitchen areas. The living den and kitchen are opened into one large area with a vaulted ceiling and low voltage lighting. The kitchen has maple cabinets and a 12-foot island with breakfast bar, plus black granite countertops, stainless steel appliances, an abundance of pantry and cabinet space, and low voltage cable lighting above the galley. Appliances include high efficiency Thermador cook top and ovens, Kitchenaid dishwasher and Kitchenaid refrigerators. The old dining room is converted to a butler's pantry with a 2nd refrigerator and 2nd sink. The old living room is now the dining room with a raised ceiling and custom suspended bamboo panel with down lights and rope lights above. Both living areas and all 4 bedrooms have fans with lights on remote control. Master bedroom ceiling is raised and reading lights are provided for bedtime reading. Master bath has double sinks, a separate
